ABOUT THE LEADERSHIP CAMPAIGN

The Houston Area Women's Center Leadership Campaign raises awareness about domestic and sexual violence, while providing much-needed funds to support survivors and their families. The campaign engages Houston's corporate, professional, and civic leaders to lend their name in support of ending the cycle of violence. Campaign supporters' names are featured in a 3-page ad in the Houston Business Journal on Friday, October 18th. We are so thankful to our leaders for HAWC's continued growth and success.

By supporting our Leadership Campaign, you are not just supporting HAWC financially, you are adding your name to an impressive list of Houston's business and community members who are proudly calling for an end to interpersonal violence. Together, in partnership with Houston community members and leaders, we know we can end the cycle of violence for survivors and their families.
